#### Specification

|                       |                             |
|-----------------------|-----------------------------|
| Type                  | LED beacon                  |
| Voltage rating        | 12 - 24v volt dc            |
| Current               | 0.7 amp @ 12 volt dc        |
| Flash rate            | 120 double flash per minute |
| Lens material         | Polycarbonate               |
| Base material         | Polycarbonate               |
| Operating Temperature | -30C to +50C                |
| Weight                | 800g                        |
| Dimensions            | I 156 x d 131mm             |
| Protection            | IP65                        |
| Approvals             | ECE R10 and R65             |
